a voyage on which that rate is applicable before the end of the current tonnage year, exclusive of any payment which has been refunded or which may be refunded as a result of such application.

(f) The owner or operator of the vessel involved, or other party in interest, may file with the port Director a petition addressed to the Commissioner of Customs for a review of the port director's decision on an application for refund of regular tonnage tax. Such petition shall be filed in duplicate within 30 days from the date of notice of the initial decision, shall completely identify the case, and shall set forth in detail the exceptions to the decision.

#### LANDING AND DELIVERY OF CARGO

##### **§4.30 Permits and special licenses for unloading and lading.**

(a) Except as prescribed in paragraph (f), (g), or (k) of this section or in §123.8 of this chapter, and except in the case of a vessel exempt from entry or clearance fees under 19 U.S.C. 288, no passengers, cargo, baggage, or other article shall be unladen from a vessel which arrives directly or indirectly from any port or place outside the Customs territory of the U.S., including the adjacent waters (see §4.6 of this part), or from a vessel which transits the Panama Canal and no cargo, baggage, or other article shall be laden on a vessel destined to a port or place outside the Customs territory of the U.S., including the adjacent waters (see §4.6 of this part) if Customs supervision of such lading is required, until the port director shall have issued a permit or special license therefore on Customs Form 3171 or electronically pursuant to an authorized electronic data interchange system or other means of communication approved by the Customs Service.

(1) U.S. and foreign vessels arriving at a U.S. port directly from a foreign port or place are required to make entry, whether it be formal or, as provided in §4.8, preliminary, before the port director may issue a permit or special license to lade or unlade.

(2) U.S. vessels arriving at a U.S. port from another U.S. port at which formal entry was made may be issued a permit or special license to lade or unlade without having to make either preliminary or formal entry at the second and subsequent ports. Foreign vessels arriving at a U.S. port from another U.S. port at which formal entry was made may be issued a permit or special license to lade or unlade at the second and subsequent ports prior to formal entry without the necessity of making preliminary entry. In these circumstances, after the master has reported arrival of the vessel, the port director may issue the permit or special license or may, in his discretion, require the vessel to be boarded, the master to make an oath or affirmation to the truth of the statements contained in the vessel's manifest to the Customs officer who boards the vessel, and require delivery of the manifest prior to issuing the permit.

(b) Application for a permit or special license will be made by the master, owner, or agent of the vessel on Customs Form 3171, or electronically pursuant to an authorized electronic data interchange system or other means of communication approved by the Customs Service, and will specifically indicate the type of service desired at that time, unless a term permit or term special license has been issued. Vessels that arrive in a Customs port with more than one vessel carrier sharing or leasing space on board the vessel (such as under a vessel sharing or slot charter arrangement) are required to indicate on the CF 3171 all carriers on board the vessel and indicate whether each carrier is transmitting its cargo declaration electronically or is presenting it on the Customs Form 1302. In the case of a term permit or term special license, upon entry of each vessel, a copy of the term permit or special license must be submitted to Customs during official hours in advance of the rendering of services so as to update the nature of the services desired and the exact times they will be needed. Permits must also be updated to reflect any other needed changes including those in the name of the vessel as well as the slot charter or vessel sharing parties. An agent of a vessel may limit

his application to operations involved in the entry and unloading of the vessel or to operations involved in its lading and clearance. Such limitation will be specifically noted on the application.

(c) The request for a permit or a special license shall not be approved (previously issued term permits or special licenses shall be revoked) unless the carrier complies with the provisions of paragraphs (l) and (m) of this section regarding terminal facilities and employee lists, and the required cash deposit or bond has been filed on Customs Form 301, containing the bond conditions set forth in §113.64 of this chapter relating to international carriers.<sup>62</sup> When a carrier has on file a bond on Customs Form 301, containing the bond conditions set forth in §113.63 of this chapter relating to basic custodial bond conditions, no further bond shall be required solely by reason of the unloading or lading at night or on a Sunday or holiday of merchandise or baggage covered by bonded transportation entries. Separate bonds shall be required if overtime services are requested by different principals.

(d) Except as prescribed in paragraph (f) or (g) of this section, a separate application for a permit or special license shall be filed in the case of each arrival.

(e) Stevedoring companies and others concerned in lading or unloading merchandise, or in removing or otherwise securing it, shall ascertain that the ap-

plicable preliminary Customs requirements have been complied with before commencing such operation, since performance in the absence of such compliance render them severally liable to the penalties prescribed in section 453, Tariff Act of 1930, even though they may not be responsible for taking the action necessary to secure compliance.

(f) The port director may issue a term permit on Customs Form 3171, which will remain in effect until revoked by the port director, terminated by the carrier, or automatically cancelled by termination of the supporting continuous bond, to unlade merchandise, passengers, or baggage, or to lade merchandise or baggage during official hours.

(g) The port director may issue a term special license on Customs Form 3171, which will remain in effect until revoked by the port director, terminated by the carrier, or automatically cancelled by termination of the supporting continuous bond, to unlade merchandise, passengers, or baggage, or to lade merchandise or baggage during overtime hours or on a Sunday or holiday when Customs supervision is required. (See §24.16 of this chapter regarding pleasure vessels.)

(h) A special license for the unloading or lading of a vessel at night or on a Sunday or holiday shall be refused by the port director if the character of the merchandise or the conditions or facilities at the place of unloading or lading render the issuance of such special license dangerous to the revenue. In no case shall a special license for unloading or lading at night or on a Sunday or holiday be granted except on the ground of commercial necessity.

(i) The port director shall not issue a permit or special license to unlade cargo or equipment of vessels arriving directly or indirectly from any port or place outside the United States, except on compliance with one or more of the following conditions:

(1) The merchandise shall have been duly entered and permits issued; or

(2) A bond on Customs Form 301, containing the bond conditions set forth in §113.64 of this chapter relating to international carriers, or cash deposit shall have been given; or

<sup>62</sup> "Before any such special license to unlade shall be granted, the master, owner, or agent of such vessel or vehicle, or the person in charge of such vehicle, shall be required to deposit sufficient money to pay, or to give a bond in an amount to be fixed by the Secretary conditioned to pay, the compensation and expenses of the customs officers and employees assigned to duty in connection with such unloading at night or on Sunday or a holiday, in accordance with the provisions of section 5 of the act of February 13, 1911, as amended (U.S.C. 1952 edition, title 19 sec. 267). In lieu of such deposit or bond the owner or agent of any vessel or vehicle or line of vessels or vehicles may execute a bond in an amount to be fixed by the Secretary of the Treasury to cover and include the issuance of special licenses for the unloading of such vessels or vehicles for a period not to exceed one year. \* \* \*'" (Tariff Act of 1930, section 451, as amended, 19 U.S.C. 1451)

<sup>63-66</sup> [Reserved]

#### § 4.31

#### 19 CFR Ch. I (4–1–12 Edition)

(3) The merchandise is to be discharged into the custody of the port director as provided for in section 490(b), Tariff Act of 1930.

(j) Bonds are not required under this section for vessels owned by the United States and operated for its account.

(k) In the case of vessels of 5 net tons or over which are used exclusively as pleasure vessels and which arrive from any country, the port director in his discretion and under such conditions as he deems advisable may allow the required application for unloading passengers and baggage to be made orally, and may authorize his inspectors to grant oral permission for unloading at any time, and to grant requests on Customs Form 3171 for overtime services.

(l) A permit to unlade pursuant to this part 4 or part 122 of this chapter shall not be granted unless the port director determines that the applicant provides or the terminal at which the applicant will unlade the cargo provides (1) sufficient space, capable of being locked, sealed, or otherwise secured, for the storage immediately upon unloading of cargo whose weight-to-value ratio renders it susceptible to theft or pilferage and of packages which have been broken prior to or in the course of unloading; and (2) an adequate number of vehicles, capable of being locked, sealed, or otherwise secured, for the transportation of such cargo or packages between the point of unloading and the point of storage. A term permit to unlade shall be revoked if the port director determines subsequent to such issuance that the requirements of this paragraph have not been met.

(m) A permit to unlade pursuant to this part 4 or part 122 of this chapter shall not be granted to an importing carrier, and a term permit to unlade previously granted to such a carrier shall be revoked, (1) if such carrier, within 30 days after the date of receipt of a written demand by the port director, does not furnish a written list of the names, addresses, social security numbers, and dates and places of birth of persons it employs in connection with the unloading, storage and delivery of imported merchandise; or (2) if, having furnished such a list, the carrier does not advise the port director in

writing of the names, addresses, social security numbers, and dates and places of birth of any new personnel employed in connection with the unloading, storage and delivery of imported merchandise within 10 days after such employment. If the employment of any such person is terminated, the carrier shall promptly advise the port director. For the purposes of this part, a person shall not be deemed to be employed by a carrier if he is an officer or employee of an independent contractor engaged by a carrier to load, unload, transport or otherwise handle cargo.

(n) CBP will not issue a permit to unlade before it has received the cargo declaration information pursuant to § 4.7(b)(2) or (4) of this part. In cases in which CBP does not receive complete cargo declaration information from the carrier or a NVOCC in the manner, format, and time frame required by § 4.7(b)(2) or (4), as appropriate, CBP may delay issuance of the permit to unlade the entire vessel until all required information is received. CBP may also decline to issue a permit to unlade the specific cargo for which a cargo declaration is not received in a timely manner under § 4.7(b)(2) or (4). Further, where a carrier does not transmit a cargo declaration in the manner required by § 4.7(b)(2) or (4), preliminary entry pursuant to § 4.8(b) will be denied.

#### § 4.31 Unlading or transshipment due to casualty.

(a) When any cargo or stores of a vessel have been unladen or transshipped at any place in the United States or its Customs waters other than a port of entry because of accident, stress of weather, or other necessity, no penalty shall be imposed under section 453 or 586(a), Tariff Act of 1930, if due notice is given to the director of the port at which the vessel thereafter first arrives and satisfactory proof is submitted to him as provided for in section 586(f), Tariff Act of 1930, as amended, regarding such accident, stress of weather, or

other necessity. The port director may accept the certificates of the master and two or more officers or members of the crew of the vessel, of whom the person next to the master in command shall be one, as proof that the unloading or transshipment was necessary by reason of unavoidable cause.

(b) The port director may then permit entry of the vessel and its cargo and permit the unloading of the cargo in such place at the port as he may deem proper. Unless its transportation has been in violation of the coastwise laws, the cargo may be cleared through Customs at the port where it is discharged or forwarded to the port of original destination under an entry for immediate transportation or for transportation and exportation, as the case may be. All regulations shall apply in such cases as if the unloading and delivery took place at the port of original destination.

#### § 4.32 Vessels in distress; landing of cargo.

(a) When a vessel from a foreign port arrives in distress at a port other than that to which it is destined, a permit to land merchandise or baggage may be issued if such action is necessary. Merchandise and baggage so unladen shall be taken into Customs custody and, if it has not been transported in violation of the coastwise laws, may be entered and disposed of in the same manner as any other imported merchandise or may be reladen without entry to be carried to its destination on the vessel from which it was unladen, subject only to charges for storage and safe-keeping.

(b) A bond on Customs Form 301, containing the bond conditions set forth in § 113.64 of this chapter relating to international carriers shall be given in an amount to be determined by the port director to insure the proper disposition of the cargo, whether such cargo be dutiable or free.

#### § 4.33 Diversion of cargo.

(a) *Unloading at other than original port of destination.* A vessel may unlade cargo or baggage at an alternative port of entry to the port of original destination if:

(1) It is compelled by any cause to put into the alternative port and the director of that port issues a permit for the unloading of cargo or baggage; or

(2) As a result of an emergency existing at the port of destination, the port director authorizes the vessel to proceed in accordance with the residue cargo bond procedure to the alternative port. The owner or agent of the vessel shall apply for such authorization in writing, stating the reasons and agreeing to hold the port director and the Government harmless for the diversion.

(b) *Disposition of cargo or baggage at emergency port.* Cargo and baggage unladen at the alternative port under the circumstances set forth in paragraph (a) of this section may be:

(1) Entered in the same manner as other imported cargo or baggage;

(2) Treated as unclaimed and stored at the risk and expense of its owner; or

(3) Reladen upon the same vessel without entry, for transportation to its original destination.

(c) *Substitution of ports of discharge on manifest.* After entry, the Cargo Declaration, Customs Form 1302, of a vessel may be changed at any time to permit discharge of manifested cargo at any domestic port in lieu of any other port shown on the Cargo Declaration, if:

(1) A written application for the diversion is made on the amended Cargo Declaration by the master, owner, or agent of the vessel to the director of the port where the vessel is located, after entry of the vessel at that port;

(2) An amended Cargo Declaration, under oath, covering the cargo, which it is desired to divert, is furnished in support of the application and is filed in such number of copies as the port director shall require for local Customs purposes; and

(3) The certified traveling manifest is not altered or added to in any way by the master, owner, or agent of the vessel. When an application under paragraph (c)(1) of this section is approved,

the port director shall securely attach an approved copy of the amended manifest to the traveling manifest and shall send one copy of the amended Cargo Declaration to the director of the port where the vessel's bond was filed.

(d) *Retention of cargo on board for later return to the United States.* If, as the result of a strike or other emergency at a United States port for which inward foreign cargo is manifested, it is desired to retain the cargo on board the vessel for discharge at a foreign port but with the purpose of having the cargo returned to the United States, an application may be made by the master, owner, or agent of the vessel to amend the vessel's Cargo Declaration, Customs Form 1302, under a procedure similar to that described in paragraph (c) of this section, except that a foreign port shall be substituted for the domestic port of discharge. If the application is approved, it shall be handled in the same manner as an application filed under paragraph (c) of this section. However, before approving the application, the port director is authorized to require such bond as he deems necessary to insure that export control laws and regulations are not circumvented.

[T.D. 77–255, 42 FR 56320, Oct. 25, 1977]

**§ 4.34 Prematurely discharged, overcarried, and undelivered cargo.**

(a) *Prematurely landed cargo.* Upon receipt of a satisfactory written application from the owner or agent of a vessel establishing that cargo was prematurely landed and left behind by the importing vessel through error or emergency, the port director may permit inward foreign cargo remaining on the dock to be reladen on the next available vessel owned or chartered by the owner of the importing vessel for transportation to the destination shown on the Cargo Declaration, Customs Form 1302, of the first vessel, provided the importing vessel actually entered the port of destination of the prematurely landed cargo. Unless so forwarded within 30 days from the date of landing, the cargo shall be appropriately entered for Customs clearance or for forwarding in bond; otherwise, it shall be sent to general order as unclaimed. If the merchandise is so en-

tered for Customs clearance at the port of unloading, or if it is so forwarded in bond, other than by the importing vessel or by another vessel owned or chartered by the owner of the importing vessel, representatives of the importing vessel shall file at the port of unloading a Cargo Declaration in duplicate listing the cargo. The port director shall retain the original and forward the duplicate to the director of the originally intended port of discharge.

(b) *Overcarried cargo.* Upon receipt of a satisfactory written application by the owner or agent of a vessel establishing that cargo was not landed at its destination and was overcarried to another domestic port through error or emergency, the port director may permit the cargo to be returned in the importing vessel, or in another vessel owned or chartered by the owner of the importing vessel, to the destination shown on the Cargo Declaration, Customs Form 1302, of the importing vessel, provided the importing vessel actually entered the port of destination.<sup>67</sup>

(c) *Inaccessibly stowed cargo.* Cargo so stowed as to be inaccessible upon arrival at destination may be retained on board, carried forward to another domestic port or ports, and returned to the port of destination in the importing vessel or in another vessel owned or chartered by the owner of the importing vessel in the same manner as other overcarried cargo.

(d) *Application for forwarding cargo.* When it is desired that prematurely landed cargo, overcarried cargo, or cargo so stowed as to be inaccessible, be forwarded to its destination by the importing vessel or by another vessel owned or chartered by the owner of the importing vessel in accordance with paragraph (a), (b), or (c) of this section, the required application shall be filed with the local director of the port of premature landing or overcarriage by the owner or agent of the vessel. The

<sup>67</sup> See §141.69(c) of this chapter for the conditions under which such merchandise and goods removed from a port of intended entry under these or certain other circumstances may subsequently be cleared under a consumption entry which had been filed therefore before the merchandise was removed from the port of intended entry.

application shall be supported by a Cargo Declaration, Customs Form 1302, in such number of copies as the port director may require. Whenever practicable, the application shall be made on the face of the Cargo Declaration below the description of the merchandise. The application shall specify the vessel on which the cargo was imported, even though the forwarding to destination is by another vessel owned or chartered by the owner of the importing vessel, and all ports of departure and dates of sailing of the importing vessel. The application shall be stamped and signed to show that it has been approved.

(e) *Manifesting prematurely landed or overcarried cargo.* One copy of the Cargo Declaration, Customs Form 1302, shall be certified by Customs for use as a substitute traveling manifest for the prematurely landed or overcarried cargo being forwarded as residue cargo, whether or not the forwarding vessel is also carrying other residue cargo. If the application for forwarding is made on the Cargo Declaration, the new substitute traveling manifest shall be stamped to show the approval of the application. If the application is on a separate document, a copy thereof, stamped to show its approval, shall be attached to the substitute traveling manifest. An appropriate cross-reference shall be placed on the original traveling manifest to show that the vessel has one or more substitute traveling manifests. A permit to proceed endorsed on a Vessel Entrance or Clearance Statement, Customs Form 1300, issued to the vessel transporting the prematurely landed or overcarried cargo to its destination shall make reference to the nature of such cargo, identifying it with the importing vessel.

(f) *Residue cargo procedure.* A vessel with prematurely landed or overcarried cargo on board shall comply upon arrival at all domestic ports of call with all the requirements of part 4 relating to foreign residue cargo for domestic ports. The substitute traveling manifest, carried forward from port to port by the oncarrying vessel, shall be finally surrendered at the port where the last portion of the prematurely landed or overcarried cargo is discharged.

(g) *Cargo undelivered at foreign port and returned to the U.S.* Merchandise shipped from a domestic port, but undelivered at the foreign destination and returned, shall be manifested as “Undelivered-to be returned to original foreign destination,” if such a return is intended. The port director may issue a permit to retain the merchandise on board, or he may, upon written application of the steamship company, issue a permit on a Delivery Ticket, Customs Form 6043, allowing the merchandise to be transferred to another vessel for return to the original foreign destination. No charge shall be made against the bond on Customs Form 301, containing the bond conditions relating to international carriers set forth in §113.64 of this chapter. The items shall be remanifested outward and an explanatory reference of the attending circumstances and compliance with export requirements noted.

#### § 4.35 Unlading outside port of entry.

(a) Upon written application from the interested party, the port director concerned, if he considers it necessary, may permit any vessel laden with merchandise in bulk to proceed, after entry, to any place outside the port where the vessel entered which such port director may designate for the purpose of unlading such cargo.

(b) In such case a deposit of a sum sufficient to reimburse the Government for the compensation, travel, and subsistence expenses of the officers detailed to supervise the unlading and delivery of the cargo may be required by the port director.

#### § 4.36 Delayed discharge of cargo.

(a) When pursuant to section 457, Tariff Act of 1930, customs officers are placed on a vessel which has retained merchandise on board more than 25 days after the date of the vessel's arrival, their compensation and subsistence expenses shall be reimbursed to

the Government by the owner or master.

(b) The compensation of all Customs officers and employees assigned to supervise the discharge of a cargo within the purview of section 458, Tariff Act of 1930,<sup>70</sup> after the expiration of 25 days after the date of the vessel's entry shall be reimbursed to the Government by the owner or master of the vessel.

(c) When cargo is manifested “for orders” upon the arrival of the vessel, no amendment of the manifest to show another port of discharge shall be permitted after 15 days after the date of the vessel's arrival, except as provided for in § 4.33.

(d) All reimbursements payable in accordance with this section shall be paid or secured to the port director before clearance is granted to the vessel.

#### § 4.37 General order.

(a) Any merchandise or baggage regularly landed but not covered by a permit for its release shall be allowed to remain at the place of unloading until the fifteenth calendar day after landing. No later than 20 calendar days after landing, the master or owner of the vessel or the agent thereof shall notify Customs of any such merchandise or baggage for which entry has not been made. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic data interchange system. Failure to provide such notification may result in assessment of a monetary penalty of up to \$1,000 per bill of lading against the master or owner of the vessel or the

agent thereof. If the value of the merchandise on the bill is less than \$1,000, the penalty shall be equal to the value of such merchandise.

(b) Any merchandise or baggage that is taken into custody from an arriving carrier by any party under a Customs-authorized permit to transfer or in-bond entry may remain in the custody of that party for 15 calendar days after receipt under such permit to transfer or 15 calendar days after arrival at the port of destination. No later than 20 calendar days after receipt under the permit to transfer or 20 calendar days after arrival under bond at the port of destination, the party shall notify Customs of any such merchandise or baggage for which entry has not been made. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic data interchange system. If the party fails to notify Customs of the unentered merchandise or baggage in the allotted time, he may be liable for the payment of liquidated damages under the terms and conditions of his custodial bond (see § 113.63(c)(4) of this chapter).

(c) In addition to the notification to Customs required under paragraphs (a) and (b) of this section, the carrier (or any other party to whom custody of the unentered merchandise has been transferred by a Customs authorized permit to transfer or in-bond entry) shall provide notification of the presence of such unreleased and unentered merchandise or baggage to a bonded warehouse certified by the port director as qualified to receive general order merchandise. Such notification shall be provided in writing or by any appropriate Customs-authorized electronic data interchange system and shall be provided within the applicable 20-day period specified in paragraph (a) or (b) of this section. It shall then be the responsibility of the bonded warehouse proprietor to arrange for the transportation and storage of the merchandise or baggage at the risk and expense of the consignee. The arriving carrier (or other party to whom custody of the merchandise was transferred by the arriving carrier under a Customs-authorized permit to transfer or in-bond entry) is responsible for preparing a Customs Form (CF) 6043 (Delivery

Any unentered merchandise or baggage shall remain the responsibility of the carrier, master, or person in charge of the importing vessel or the agent thereof or party to whom the merchandise has been transferred under a Customs authorized permit to transfer or in-bond entry, until it is properly transferred from his control in accordance with this paragraph. If the party to whom custody of the unentered merchandise or baggage has been transferred by a Customs-authorized permit to transfer or in-bond entry fails to notify a Customs-approved bonded warehouse of such merchandise or baggage within the applicable 20-calendar-day period, he may be liable for the payment of liquidated damages of \$1,000 per bill of lading under the terms and conditions of his international carrier or custodial bond (see §§ 113.63(b), 113.63(c) and 113.64(b) of this chapter).

(d) If a carrier or any other party to whom custody of the unentered merchandise has been transferred by means of a Customs-authorized permit to transfer or in-bond entry fails to timely relinquish custody of the merchandise to a Customs-approved bonded General Order warehouse, the carrier or other party may be liable for liquidated damages equal to the value of that merchandise under the terms and conditions of his international carrier or custodial bond, as applicable.

(e) If the bonded warehouse operator fails to take possession of unentered and unreleased merchandise or baggage within five calendar days after receipt of notification of the presence of such merchandise or baggage under this section, he may be liable for the payment of liquidated damages under the terms and conditions of his custodial bond (see § 113.63(a)(1) of this chapter). If the port director finds that the warehouse

operator cannot accept the goods because they are required by law to be exported or destroyed (see § 127.28 of this chapter), or for other good cause, the goods will remain in the custody of the arriving carrier or other party to whom the goods have been transferred under a Customs-authorized permit to transfer or in-bond entry. In this event, the carrier or other party will be responsible under bond for exporting or destroying the goods, as necessary (see §§ 113.63(c)(3) and 113.64(b) of this chapter).

(f) In ports where there is no bonded warehouse authorized to accept general order merchandise or if merchandise requires specialized storage facilities which are unavailable in a bonded facility, the port director, after having received notice of the presence of unentered merchandise or baggage in accordance with the provisions of this section, shall direct the storage of the merchandise by the carrier or by any other appropriate means.

(g) Whenever merchandise remains on board any vessel from a foreign port more than 25 days after the date on which report of arrival of such vessel was made, the port director, as prescribed in section 457, Tariff Act of 1930, as amended (19 U.S.C. 1457), may take possession of such merchandise and cause it to be unladen at the expense and risk of the owners of the merchandise. Any merchandise so unladen shall be sent forthwith by the port director to a general order warehouse and stored at the risk and expense of the owners of the merchandise.

(h) Merchandise taken into the custody of the port director pursuant to section 490(b), Tariff Act of 1930, as amended (19 U.S.C. 1490(b)), shall be sent to a general order warehouse after 1 day after the day the vessel was entered, to be held there at the risk and expense of the consignee.

#### § 4.38 Release of cargo.

(a) No imported merchandise shall be released from Customs custody until a permit to release such merchandise has been granted. Such permit shall be

issued by the port director only after the merchandise has been entered and, except as provided for in §141.102(d) or part 142 of this chapter, the duties thereon, if any, have been estimated and paid. Generally, the permit shall consist of a document authorizing delivery of a particular shipment or an electronic equivalent. Alternatively, the permit may consist of a report which lists those shipments which have been authorized for release. This alternative cargo release notification may be used when the manifest is not filed by the carrier through the Automated Manifest System, the entry has been filed through the Automated Broker Interface, and Customs has approved the cargo for release without submission of paper documents after reviewing the entry data submitted electronically through ABI and its selectivity criteria (see §143.34). The report shall be posted in a conspicuous area to which the public has access in the customs house at the port of entry where the cargo was imported.

(1) Where the cargo arrives by vessel, the report shall consist of the following data elements:

- (i) Vessel name or code, if transmitted by the entry filer;
- (ii) Carrier code;
- (iii) Voyage number, if transmitted by the entry filer;
- (iv) Bill of lading number;
- (v) Quantity released; and
- (vi) Entry number (including filer code).

(2) Where the cargo arrives by air, the report shall consist of the following data elements:

- (i) Air waybill number;
- (ii) Quantity released;
- (iii) Entry number (including filer code);
- (iv) Carrier code; and
- (v) Flight number, if transmitted by the entry filer.

(3) In the case of merchandise traveling via in-bond movement, the report will contain the following data elements:

- (i) Immediate transportation bond number;
- (ii) Carrier code;
- (iii) Quantity released; and
- (iv) Entry number (including filer code).

When merchandise is released without proper permit before entry has been made, the port director shall issue a written demand for redelivery. The carrier or facility operator shall redeliver the merchandise to Customs within 30 days after the demand is made. The port director may authorize unentered merchandise brought in by one carrier for the account of another carrier to be transferred within the port to the latter carrier's facility. Upon receipt of the merchandise the latter carrier assumes liability for the merchandise to the same extent as though the merchandise had arrived on its own vessel.

(b) When packages of merchandise bear marks or numbers which differ from those appearing on the Cargo Declaration, Customs Form 1302, of the importing vessel for the same packages and the importer or a receiving bonded carrier, with the concurrence of the importing carrier, makes application for their release under such marks or numbers, either for consumption or for transportation in bond under an entry filed therefor at the port of discharge from the importing vessel, the port director may approve the application upon condition that (1) the contents of the packages be identified with an invoice or transportation entry as set forth below and (2) the applicant furnish at his own expense any bonded cartage or lighterage service which the granting of the application may require. The application shall be in writing in such number of copies as may be required for local Customs purposes. Before permitting delivery of packages under such an application, the port director shall cause such examination thereof to be made as will reasonably identify the contents with the invoice filed with the consumption entry. If the merchandise is entered for transportation in bond without the filing of an invoice, such examination shall be made as will reasonably identify the contents of the packages with the transportation entry.

(c) If the port director determines that, in a port or portion of a port, the volume of cargo handled, the incidence of theft or pilferage, or any other factor related to the protection of merchandise in Customs custody requires such measures, he shall require as a

When delivered quantities are verified by a Customs officer, he shall certify all copies of the pickup order, returning one to the importer or his agent and two to the carrier making delivery.

(d) When the provisions of paragraph (c) of this section are invoked by the port director and verification of delivered quantities by Customs is required, a permit to release merchandise shall be effective as a release from Customs custody at the time that the delivery of the merchandise covered by the pickup order into the physical possession of a subsequent carrier or an importer or the agent of either is completed under the supervision of a Customs officer, and only to the extent of the actual delivery of merchandise de-

scribed in such pickup order as verified by such Customs officer.

### § 4.39 Stores and equipment of vessels and crews' effects; unloading or lading and retention on board.

(a) The provisions of § 4.30 relating to unloading under a permit on Customs Form 3171 are applicable to the unloading of articles, other than cargo or baggage, which have been laden on a vessel outside the Customs territory of the United States, regardless of the trade in which the vessel may be engaged at the time of unloading, except that such provisions do not apply to such articles which have already been entered.

(b) Any articles other than cargo or baggage landed for delivery for consumption in the United States shall be treated in the same manner as other imported articles. A notation as to the landing of such articles, together with

#### 19 CFR Ch. I (4-1-12 Edition)

the number of the entry made therefor, shall be made on the vessel's store list, but such notation shall not subject the articles to the requirement of being included in a post entry to the manifest.

(c) Bags or dunnage constituting equipment of a vessel may be landed temporarily and reladen on such vessel under Customs supervision without entry.

(d) Articles claimed to be sea or ships' stores which are in excess of the reasonable requirements of the vessel on which they are found shall be treated as cargo of such vessel.

(e) Under section 446, Tariff Act of 1930, port directors may permit narcotic drugs, except smoking opium, in reasonable quantities and properly listed as medical stores to remain on board vessels if satisfied that such drugs are adequately safeguarded and used only as medical supplies.

(f) Application for permission to transfer bunkers, stores or equipment as provided for in the proviso to section 446, Tariff Act of 1930, shall be made and the permit therefor granted on Customs Form 3171.

(g) Equipment of a vessel arriving either directly or indirectly from a foreign port or place, if in need of repairs in the United States, may be unladen from and reladen upon the same vessel under the procedures set forth in § 4.30 relating to the granting of permits and special licenses on Customs Form 3171 (CF 3171). Adequate protection of the revenue is insured under the appropriate International Carrier Bond during the period that equipment is temporarily landed for repairs (see § 113.64(b) of this chapter), and so resort to the procedures established for the temporary importation of merchandise under bond is unnecessary. Once equipment which has been unladen under the terms of a CF 3171 has been reladen on the same vessel, potential liability for that transaction existing under the bond will be extinguished.

#### § 4.40 Equipment, etc., from wrecked or dismantled vessels.

Ship's or sea stores, supplies, and equipment of a vessel wrecked either in

the waters of the United States or outside such waters, on being recovered and brought into a United States port, and like articles landed from a vessel dismantled in a United States port shall be subject to the same Customs treatment as would apply if the articles were landed from a vessel arriving in the ordinary course of trade. Parts of the hull and fittings recovered from a vessel which arrived in the United States in the course of navigation and was wrecked in the waters of the United States or was dismantled in this country are free of duties and import taxes, but if such articles are recovered from vessels outside the waters of the United States and brought into a United States port, they shall be treated as imported merchandise.

#### § 4.41 Cargo of wrecked vessel.

(a) Any cargo landed from a vessel wrecked in the waters of the United States or on the high seas shall be subject at the port of entry to the same entry requirements and privileges as the cargo of a vessel regularly arriving in the foreign trade. In lieu of a Cargo Declaration, Customs Form 1302, to cover such cargo, the owner, underwriter (if the merchandise has been abandoned to him), or the salvor of the merchandise shall make entry on Customs Form 7501, and any such applicant shall be regarded as the consignee of the merchandise for Customs purposes.<sup>76</sup>

(b) All such merchandise shall be taken into possession by the director of the port where it shall first arrive and be retained in his custody pending entry. If it is not entered by the person entitled to make entry, or is not disposed of pursuant to court order, it shall be subject to sale as unclaimed merchandise.

(c) If such merchandise is from a vessel which has been sunk in waters of the United States for 2 years or more and has been abandoned by the owner, any person who has salvaged the cargo

shall be permitted to enter the merchandise at the port where the vessel was wrecked free of duty upon the facts being established to the satisfaction of the director of the port of entry.<sup>77</sup> Any other such merchandise is subject to the same tariff classification as like merchandise regularly imported in the ordinary course of trade.

(d) If the merchandise is libeled for salvage,<sup>78</sup> the port director shall notify the United States attorney of the claim of the United States for duties, and request him to intervene for such duties.
